

## CLUB MEMBERS' DAY

Thoroughbred Sale and Great Stake  
• Race To-Morrow.

PROMISING LOCAL 2-YEAR-OLDS AND  
YEARLINGS WILL BE AUCTIONED.

In the afternoon the \$5,000 Handicap  
Will Be Decided—Starters, Weight and  
Betting in the Big Event—Ring Sport  
Athletics—General Sporting News.

At 9:30 o'clock to-morrow morning Mr. Walter O. Farmer, the general secretary of the Cumberland Racing Association, will inaugurate the series of annual auction sales of Western thoroughbred yearlings and 2-year-olds at the Fair Grounds. The event will be one of more than passing importance, as success in the prices realized or subsequent good performances on the part of the animals disposed of, means the advancement of this section of the country as a breeding center.

Mr. Farmer is very enthusiastic over the eighty youngsters which he will put under the hammer. He has every confidence that the animals will be heard from when they take to actual racing, and predicts that the annual sale on Club Members' day will hereafter attract horsemen from all over the country.

The yearlings and 2-year-olds are from the breeding establishments of Mr. Joseph D. Lucas, proprietor of the Goodwood stud; Mr. J. D. Patton of Sturgeon, Mo.; Mr. Wilson Hunt, the Glen Echo stud; Mr. J. D. Patton of Collinsville, Ill.; Mr. R. E. Westbrook, the Oakland farm; and Mr. W. E. West, the J. D. Patton farm. There will be offered two 2-year-olds, the get of Ten Stone and Duke of Kent. They will be sold with their engagements. Among the lot are Gen. W. H. Jackson, a full brother to Ethel Gray, and Miss Florence, by Ten Stone, out of Bettie West, who is valuable on account of her engagements.

Mr. Joseph D. Lucas will offer eighteen highly bred yearlings, the get of Imp. Donald A. Porter, Ashes and Buckmaster. All of the Goodwood youngsters have excellent bloodlines combining the best British and American strains.

Mr. Wilson Hunt's lot are eight yearlings by Col. Clark out of eight good mares as Belmont, Georgia Hunter, Miss A. Golden Plover.

From Mrs. Gen. Rowett's farm are seven 2-year-olds and ten yearlings, the get of Aristides by Imported Leanington, will represent Mr. Brockings' Oakland farm, while Mr. West will offer four youngsters, the get of Warfield and Strathmore.

The sale gives every promise of attracting unusual attention, and good prices are expected to be realized. Special trains will run from Cincinnati and Chicago to-night for the accommodation of turmen who wish to attend the big sale and witness the afternoon's great event.

TO-MORROW'S BIG EVENT.  
The Club Members' handicap at one and one-quarter miles, with \$5,000 added money, of which \$700 will go to the second horse and \$250 to the third, will be the feature of the card at the Fair Grounds to-morrow. The spring meeting will be brought to a close this afternoon and to-morrow will see the inauguration of the summer meeting.

The Club Members' handicap is the most valuable event of both meetings, and in fact one of the richest decided west of New York. Last year it resulted in one of the grandest contests that have ever taken place on the Western circuit, when Aloha, who was at that time the property of Mr. Small, and Ray, who was the property of Mr. Hollaway, a 5-year-old Wadsworth, had a neck race. Wadsworth was the superior riding of Ray, his jockey, Aloha was the favorite at 5 to 2 and Wadsworth second choice at 3 to 1. Seaman had the mount on St. Munro's son, and he went to the front with him from the start almost, notwithstanding the fact that he was a weight, 128 pounds up. Wadsworth with 105 up collared the leader, and he was down to a struggle between the pair, in the stretch Ray on Wadsworth's side, and against the inner rail, thus preventing Seaman from using his whip. The race was run in this manner the most of the way down the stretch and it took Wadsworth's life to win by a neck. Balgown was third ten lengths off.

If to-morrow's race results in such a contest as took place last year it will be worth going miles to witness. One noticeable feature to to-morrow's contest is that on paper it looks as if it might again narrow down to a struggle between Aloha, now the property of John McCafferty, and a crack 5-year-old, this time, Morrell, Frank Van Ness' champion 2-year-old of last season. The only difference, however, is that this time Morrell is not such an advantage as far as weight is concerned in Morrell's favor as Wadsworth had last year. Aloha will race 5 pounds less than he did last season, while Morrell is handicapped at 115 pounds, an unusual heavy weight for a 5-year-old in an event where he is to encounter the best aged horses at one and one-quarter miles. It is probable that Morrell is nearly, if not 10-pound better horse than Wadsworth and ought to, if he goes to the post to-morrow, be the favorite. Hollaway's colt was in when he started, made a magnificent contest for first money.

Madison, Van Ness' regular rider, will, it is thought, have the mount on Morrell to-morrow. McCafferty himself will ride Aloha.

Bob Hollaway's candidate this year will be the uncertain, but great, gray son of Hymus, Faraday. This colt is a 4-year-old and ran some really creditable races last year, although at times running just the opposite. His owners always, however, send their horses to the post in good condition, and will pay to take him into consideration when betting on the race, if he starts with a good ride up.

Loth's son's candidate, Balgown, is in the pink of condition just now and ought to put up a creditable race. He will be ridden in all probability by George Miller, the California jockey.

Ray's, the Charter Oak Stable's representative, proved by his good race yesterday that he is liable to be knocking at the door to-morrow. Van Kuren, the stable's regular rider, will have the mount on him to-morrow.

Santiago, the Santa Anita Stable's candidate, put up a strong race Monday, and is expected to hold his own to-morrow. Trainer Harding has not yet decided who will ride him.

Helen Nichols, McCafferty's and Wadsworth's grand filly, is looked upon by some as a probable starter. The chances are, however, her owners will start Aloha and Morrell's daughter in the same race, besides it is no secret that they want to ride with the big son of St. Munro.

Acclaim, the grand little daughter of Race Cheers, is a stayer from away back, and with the light weight assigned her, is expected to attract some showmen, and will be ridden by Jordan if it is not started.

Prince Kenney, Capt. West's favorite, will be ridden by Armstrong, while the rest, including Al Hay, Zender, Lord West, Col. J. C. Highland, Hot Spur and Mr. Dunlap, all of whom are expected to go to the post, will have up competent riders and ready to make an attempt to get a piece of the money.

AMERICA'S DEBUT BETTING.  
The Ulman-Eckert future book on the American Derby was revised May 27. The quotations against some of the most promising of the probable starters follow:

G. W. Johnson, 10 to 1; Floodgate, 20 to 1; Lookout, 10 to 1; Imp, 10 to 1; Sir Francis, 10 to 1; Tyro, 10 to 1; Lady Violet, 10 to 1; Boundless, 10 to 1; Martine, 10 to 1; Ransom, 10 to 1; St. Leonard, 10 to 1.

## CATHOLIC SCHOOLS.

A Hot Fight Between Bishop Duhamel and Le Canada.

CHARGES THAT THE BISHOPS WOULD  
ATTACK THE GOVERNMENT.

An Embarrassing Denial by Duhamel—A Sermon by His Grace Admonishing Good Catholics Not to Consume Newspapers Which Attacked the Church—General Religious News.

OTTAWA, Ontario, June 2.—Archbishop Duhamel and the French daily paper here, *Le Canada*, are involved in a quarrel which is growing acute. *Le Canada*, which has not been in good odor with the clergy for some time, recently claimed that the Roman Catholic bishops of Quebec Province intended to attack the present Dominion Government prior to the elections of 1894 because it refused to interfere with the abolition of Catholic schools. It was further published that the bishops prepared a pastoral, which was to be read in all the churches, against the Government, and that this was even announced from one pulpit in Ottawa, but that the Hon. J. A. Caplan, a secretary of state, succeeded at the last moment in inducing the bishops to withdraw the pastoral.

Archbishop Duhamel said this story was false and then *Le Canada* published a letter from the Rev. Fr. Gendreau of Montreal, which, although saying that Archbishop Duhamel did not know the facts, admitted that he (Fr. Gendreau) had received a pastoral of the nature intended by *Le Canada*, which pastoral was, a day or two later, suddenly withdrawn.

This brief trial of the newspaper was followed to-day by an ominous move by the Archbishop. His grace confirmed 300 children at the Basilica, and subsequently preached a sermon in which he urged them to all his hearers to remain good Catholics and be prepared to contend against bad Catholics who criticized the church. He specially warned them not to countenance Catholic journalists and newspaper who attacked the church or religious orders, which should be beyond their sphere. The Archbishop intimated that he proposed to deliver similar warnings throughout his diocese during his approaching visitation.

The Trip of the Senate Committee to the New York State.

New York, June 2.—It will be impossible for Senator Platt of Connecticut and Senator Hill of New York to accompany the sub-committee to the several territories on June 10. Senator Faulkner of West Virginia, as chairman of the committee on Territories of the Senate, has notified all the members of the sub-committee appointed by him and the territorial authorities that the trip has been postponed and that it is at present impossible to fix a day when the committee can proceed to said territories. It is possible to secure the attendance of a full sub-committee the visit to the Territories will be made later in the year.

To Reorganize the Iron Hall.  
A vigorous effort is being made to reorganize the Order of the Iron Hall. A meeting of representative members was held in Indianapolis recently and it was resolved to institute proceedings to get the assets of the order out of the hands of the receivers, pay up all claims, make arrangements and start anew. It is proposed in the future to do away with the "one man rule" and have the order managed by representatives from the different branches. The assets are estimated at \$2,800,000. The different branches have been requested to hold meetings and elect officers.

May Be Held Elsewhere.  
ROCKFORD, Ill., June 2.—The Sons of Veterans' annual encampment, which was to be held here July 6, is now liable to go somewhere else. The local Sons have gotten up a row about a bill for \$5 with the local G. A. R. Post. The officers of the Sons reprimanded the local camp, and now they decline to have anything to do with the encampment unless it is held at Rockford. Belvidere is now trying for the encampment.

May Have Broken a Record.  
NEW YORK, June 2.—The agent of the Hamburg-American company in this city to-day received a dispatch from Southampton stating that the steamer *Normannia*'s time was 6d. 12h. and 15m. The *Normannia* went over to New York, and was the fastest steamer ever, and may possibly have broken the record, which has been held by her sister ship.

Barbers Must Not Discriminate.  
BOSTON, June 2.—The House has passed a bill providing against discrimination by barbers on account of race and color. The presentation of the bill in the House was caused by the treatment received in a Cambridge barber shop by Lewis, the famous colored athlete, who was refused a shave on account of his color.

### THEY CUT THE BARS

Escape of Five Prisoners From the Sedalia Jail.

TEN OTHER PRISONERS FAILED TO JOIN THEIR ESCAPING COMRADES.

Among Them Dick Robinson, Sentenced To Be Hanged To-Day—Saw Was Made From Shoe Springs—Rewards for Their Recapture—A Desperate Negro—Crime News.

SEDALIA, Mo., June 2.—Five prisoners escaped from the county jail last night by sawing away the iron bars of the cages, climbing up the outside of the two tiers of cells which reached to the ceiling, making a hole in the ceiling, and, after crawling over the rafters for about five feet, took away three rows of bricks where the sawing of the roof touched the wall. Through this opening they lowered themselves to the ground, a distance of about twenty feet, by means of blankets which they had taken from their cells.

All of the prisoners were being held for the Grand Jury, and were as follows: Abe Emerson, colored, a notorious desperado, assault with intent to kill; Horace Umbles, colored, highway robbery; Levi and George Patton, both colored, grand larceny; Wm. T. Grubb, white, whose home is at Kansas City, burglary and larceny.

The bars of the cages fronting two rows of cells were sawed away, giving opportunity for all the prisoners to escape. There were fifteen prisoners in the jail, ten of whom remained. Among them was Dick Robinson, sentenced to be hanged to-day for the murder of a white girl named Hannah Scholman. His case, however, is awaiting the decision of the Supreme Court.

The work was done with saws made from shoe strings. The prisoners had gotten out of the cages as early as 7 o'clock p. m., and secreted themselves evidently on top of a lower tier of cells. They got away about 12 o'clock. Sheriff Porter has offered a reward for their capture.

**MURDER AND PROBABLE SUICIDE.**  
COLUMBIAN, Ind., June 2.—At 6 o'clock last night Ralph Drake, formerly a prominent merchant of this county, shot and killed Mrs. Ida Ward at the boarding-house where they were staying as husband and wife. She had deserted her husband for him a few years ago, since which time he has dissipated a fortune in ardent spirits. He was recently discharged as insane, and was shot through the head and killed by two bullets through Mrs. Ward's head and then to put two more through his own brain, but the bullets ranged downward and did not enter his brain.

When found he said: "After mind has—let me and let her die." He was lodged in jail, where he is thought to be dying.

**STORY AGAIN ESCAPES.**  
MERIDIAN, Miss., June 2.—Brooks Story, the outlaw and express robber, escaped from the custody of a sleeping guard yesterday morning at Vance, Ala. When his fellow passengers were attracted to the escaping prisoner one of them said: "Let him go; he only killed a negro."

He had been chained to a car seat by D. B. Montgomery, sergeant of the Mississippi Penitentiary, but managed to free himself while that official, worn out by loss of sleep, was in a dose. The officials at Vance were wired to look out for Story.

**EDITOR JONES ARRESTED.**  
HUNTINGTON, Ark., June 2.—Sas Jones, editor of the *Horsehoe*, a small paper published at Hackett, Ark., on yesterday afternoon, was arrested on a charge of poisoning himself. He put the poison in a today. Sas will recover, but the Bridgeman died last night. No one knows his motive for killing Mrs. Bridgeman. He is in the hands of the sheriff.

**SHOT FROM AMBUSH.**  
DUBLIN, June 2.—Another agrarian crime has been committed near Ennis, in County Wick.

### FALL RIVER'S FIEND.

The Police Think They Have the Man Who Murdered Bertha Manchester.

FALL RIVER, Mass., June 2.—The negro arrested on suspicion of being the murderer of Bertha Manchester, who was so brutally killed at her home near this city on the afternoon of May 30, gives the name of Louis Query and says he came from Florida. He is about 23 years old. Query could not give an account of himself during the past forty-eight hours. He was first seen in the woods at the water-works station, about three miles in a direct line south from the scene of the Manchester murder. Two little girls reported to the police that he pulled a knife from his pocket, and brandishing it in the air said he had already killed one woman, and would kill them if they were not careful. The City Marshal, who searched the suspect, declines to state whether or not any of the articles found on his person correspond with those stolen from the Manchester home at the time of the murder, but it is believed that the officers have good reason for holding the man in custody. What gives additional interest to the arrest is the theory advanced by many that the man who killed Bertha Manchester is in all probability the same man who chopped to death the daughter of Lizzy Borden, for which crime the daughter will be tried on the 5th inst.

There are many points of similarity in the methods of execution in the two tragedies. Bertha Manchester was the 21-year-old daughter of John Manchester, a farmer, residing four miles from Fall River, on the new Boston road. Her body, freshly mutilated, was found at 2:30 o'clock last Tuesday in the kitchen of her father's farm-house. There was evidence that she had dragged herself some distance.

An examination of the body showed four deep gashes across the neck, the neck of the skull was crushed and the face badly cut. Her dress had been torn almost to shreds, but there was no evidence that the girl had suffered any wrong that might make death welcome.

In the yard on a pile of wood was found an ordinary woodman's ax with which the murderer had been committed, the same sort of an instrument as the ax that took the lives of Mr. and Mrs. Andrew J. Borden. It was covered with blood and matted hair.

Bertha was last seen alive at 7:30 o'clock Tuesday morning, when her father, mother and the hired boy started for Fall River, leaving the girl alone at home. It was 2:30 o'clock in the afternoon when the body was found. Freddy, the 12-year-old brother of Bertha, opened the gate for his father to drive into the barn, and the negro fled into the house to get something to eat. He opened the kitchen door in the L of the house and saw his murdered sister lying in a pool of blood on the floor. He ran back to the barn and told his father, who started for the police station, four miles distant, leaving the two boys at home, not bothering to notify the occupants of an adjoining farm-house.

It was after 5 o'clock when the police arrived, and Medical Examiner Dolan came about the body. A closer investigation was made of the house and its immediate surroundings. The bloody ax was found in a woodpile near the back of the house. After hunting all over the premises and being satisfied that the murderer, whoever he was, had escaped, a closer investigation of the case was made. A photographer and engineer were summoned to take negative and innumerable measurements were taken under the direction of the authorities.

The police found that the girl's bedroom had been rifled of its contents, including a lady's gold watch valued at about \$20, presented to the girl by her father four or five years ago. The dressing-case drawers had been pulled open and an empty pocket-book was found among some cheap jewelry.

Miss B. A. S. a neighbor who lives across the road from the Manchester farm, said that she had been at home all day, but that neither her mother nor the other members of the family had heard anything unusual about the case. Her statement deepens the mystery surrounding the case, and it is believed that the murderer is still at large.

It would seem that these dogs would make considerable noise under the circumstances that would produce such a result. Because no such noise was noticed by the neighbors, the police are at first inclined to believe that the deed was committed by some one familiar with the premises.

BUFFALO, N. Y., June 2.—Mr. Luther Savarance, Postmaster at Hilo, Hawaii, and for fifty years a resident of the islands, is visiting friends in this city. Speaking of the situation in Hawaii he said:

"The better class of the foreign element want annexation. Any government formed by the people of the islands could not last long. Practically a military government, which is practically a military government, could not have lasted as long as it has had it not been for the prospect of annexation. If the United States refuse to take us, England will surely step in and establish a protectorate by placing Princess Kaiulani on the throne."

A Talk With an Old Resident of the Islands of Hawaii.

BUFFALO, N. Y., June 2.—Mr. Luther Savarance, Postmaster at Hilo, Hawaii, and for fifty years a resident of the islands, is visiting friends in this city. Speaking of the situation in Hawaii he said:

"The better class of the foreign element want annexation. Any government formed by the people of the islands could not last long. Practically a military government, which is practically a military government, could not have lasted as long as it has had it not been for the prospect of annexation. If the United States refuse to take us, England will surely step in and establish a protectorate by placing Princess Kaiulani on the throne."

**The Circus Still in Town.**  
Regular 4 and 5:30 m. m. cassimere pants, \$2.45; the finest tailor made at \$3.50. Gloze, n. w. cor. Franklin av. and 7th st.

**Fell From a Tree.**  
Willie Hollmann, 7 years, living with his parents at 2008 North Broadway, while climbing a shade tree in front of his home, at 7 o'clock last evening fell a distance of ten feet, breaking his left arm.

**Caution to Customers.**  
Nothing of original or superior merit but has its imitations and counterfeits, even to impeding the health of communities. For this reason the proprietors of Hostetter's Stomach Bitters caution their patrons to scrutinize every bottle of food and it is sold ONLY in bottles and verify its many marks of genuineness.

A sudden warning to those meditating fraud can be found in the unbroken line of judicial decisions, exposing and severely punishing every one detected in counterfeiting the Bitters, and the redoubtable efforts that are being made to protect the public from the deception of these unprincipled pirates.

Remember the Bitters is sold in bottles only, never by the gallon or in bulk.

**THAT ELECTRIC RAILWAY**—THE LOCUST STREET LINE runs from Barr's Store, corner of Sixth and Locust streets, to KINLOCH PARK. That there is an electric railway built and running there now. To such in particular we extend an invitation to visit the property at our expense in order that they may see with their own eyes that these electric cars actually do run, for a whole mile, right through Kinloch Park on their way to and from the city, and that there are as many as four electric depots on the property.

**THE WABASH RAILROAD**, with its grand service, suited to the workingman, the clerk or more leisurely merchant or professional man, also runs right through Kinloch Park and has a depot and telegraph office there, trains landing passengers from Kinloch Park either the Union Depot or Third and Franklin Av. and "UNION SAM," recognizing the importance of this junction point, has established Kinloch a Post-office. NOW WHAT DOES THIS ALL MEAN? It means that a place so advantageously situated, one having a geographical position unequalled by any other suburban town about St. Louis, must grow and grow rapidly. It means that all who invest there must make money and that those who don't invest will lose an opportunity that will never present itself again. ## EAST ST. LOUIS AND BELLEVILLE.

A Collision on a Railroad Crossing—The Valley Steel Co. Plant.

An accident occurred last night on the railroad crossing at the race track which delayed the Cairo Short Line trains six hours. An air line freight train collided with the locomotive of an incoming Short Line passenger train and the engine was knocked off the track. The wreck was not cleared up until after midnight.

Baileys' injury was a fracture of the arm, sustained by a fall from a scaffold.

Patrick O'Neill, an ex-policeman of East St. Louis, is in custody at Lincoln, Ill. He is said to be a member of the "Black Legion" and is charged with the murder of a man named John J. O'Connell, who was killed in a fight with him at Lincoln, Ill. O'Neill is charged with the murder of O'Connell.

## BOTH FATALLY WOUNDED.

A Duel to the Death Between Two Russian Princes.

ST. PETERSBURG, June 2.—A dispatch has been received bringing news of a duel with tragic results in the Province of Poltava. Prince Bagram and Prince Mustapha, members of the leading families of Daghestan, started together for Moscow to solicit the Czar for permission to enter the Imperial Guard. While on their journey, having got as far as Barva, in the Government of Poltava, they quarreled. The dispute became so bitter that they fought a deadly duel, Prince Bagram being fatally stabbed and Prince Mustapha fatally shot with a revolver. The police authorities at Barva sent the corpses back to Tiflis, to be delivered to the families of the dead men.

Concerning Building Associations. TOPKA, Kan., June 2.—Atty.-Gen. Little this morning made an important ruling regarding building associations, deciding that such associations, including non-resident organizations, if they receive deposits or make loans must comply with the State banking law and place themselves under the supervision of the State Banking Commissioner. The ruling was made in the case of the Annuity Loan and Savings Association of St. Louis.

A NEW MECCA. The pugilists have a new Mecca. One week from Monday night next the Columbia Athletic Club of Chicago will open its amphitheater and the "pugs" are flocking from all quarters to earn beer and board by getting on a scrap before the new organization. The outfit will have cost the management \$4,000 when the turnstiles begin to click, but they will make their money back as their attractions will be only of the best. The opening night will have some attraction for St. Louis as Willie Kennedy, who came to the front locally, is called to open the program in a ten-round bout with Goddard. A good-sized crowd of St. Louisans will make the journey to see the New Orleans terror and Goddard decorate each other. Another man is given to disagree sport and the facial embroidery will be marked out in deep, heavy shades. Following the preliminary Billie Woods of Denver and "Buffalo" Costello will go the whole route of a decisive contest, the police permitting, for a purse of \$2,500.

After the opening night there are meetings scheduled between Bobby Burns and Hugh Napier and Johnny Griffin and Billy Smith.

## For Use by Canadian Lumbermen.

From the Boston Transcript.

A new Canadian invention for use in the lumber districts is coming into general use in Northern Ontario. It is called a steam warping tug. It propels itself on land as well as on water and is used by lumbermen whose operations are carried on among small lakes connected by streams of shallow water. It has been built by the inventors during the past season. They are built in screw shape, with steel rods running for moving over the logs. # THE FINANCES.

His Testimony To-Day in the Bankruptcy Proceedings.

HE HAS OBJECTIONS TO A PUBLIC SUBSCRIPTION FOR HIS BENEFIT.

Denied Rushing Into Bankruptcy to Hasten His Return to Parliament—The Daily Brack Cottage Belongs to Mrs. Davitt—A Nihilist's Papers—Students Arrested—Foreign News.

DUBLIN, June 2.—Michael Davitt, late M. P. for Northeast Cork, was examined to-day in the bankruptcy proceedings instituted because he has been unable to pay the costs of the North Meath election contest, which resulted in his being unseated. Mr. Davitt stated that he had objected to the project for a public subscription to help him out of his pecuniary difficulties. Among his assets is a debt of £400 due him by the Gaelic Athletic Association, the debt having been paid by Mr. Davitt to save the members of the association from arrest for non-payment of a hotel bill in Philadelphia. The association had promised Patrick Ford that they would repay the bill, but had failed to do so. Mr. Davitt denied having rushed into bankruptcy in order to hasten his return to Parliament. The court has decided that the Land League Cottage at Daily Brack, which was given as a national wedding present when Mr. Davitt was married in 1877, is, with its contents, the property of Mrs. Davitt and cannot be touched in the bankruptcy proceedings.

BERLIN GARRISON REVIEWED. BERLIN, June 2.—The review of the Berlin garrison was held to-day on the Tempelhof field. The German Emperor sat on horseback at the saluting point, where she reviewed the troops as they passed. The German Emperor led the 2d Regiment of Foot Guards past the Emperor, and afterwards the Emperor, accompanied by Prince Victor, Count of Turin and nephew of the King of Italy, rode at the head of the troops to the Berlin, where the Emperor, his royal visitors and the soldiers of the garrison were received with hearty cheers and great demonstrations of enthusiasm. The dispatch of yesterday was in error in stating that the Prince of Wales had arrived in Berlin. The Prince who arrived was the Count of Turin, above mentioned, and the deceased Duke of Saxe, who was a brother of King Humbert.

A Nihilist's PAPERS. PARIS, June 2.—The Nihilist, Sawicki, alias Lestinski, who killed himself some time ago, left a bundle of papers marked "to be destroyed." Both the Russian Consul-General and the Nihilist's family claim the papers and the officers of the law who seized them were allowed to keep them only under protest while the courts were hearing the complaints. The Consul-General based his claim to the papers on the ground that they undoubtedly contained valuable information of Nihilist plots and organizations. The family wished merely to destroy the papers, as Sawicki had directed. The court has decided that the papers must go to the Consul-General and they were delivered to him to-day.

A ROYAL SECOND-LIEUTENANT. BERLIN, June 2.—Before leaving Potsdam for his summer yachting trip the Emperor will appoint Prince Felix Frederick, his second son, Second-Lieutenant of the Foot guards. The Prince will make his first appearance with his regiment on July 7, his tenth birthday. It is reported that the Emperor will not make the trip that he planned, but will merely cruise along the coast from Kiel, returning to that port several times each week to obtain information as to the progress of political affairs.

GRATELY WROUGHT UP. PANAMA, June 2.—The people of the West Indian island of Dominica are greatly wrought up over the refusal of the British Government to grant an inquiry into the circumstances connected with the Lapin massacre. The inhabitants of the other uplands which form the British colony of Leeward share this feeling of indignation. The Bishop ordered a protest which demands the impeachment of Gov. Sir Wm. Frederick Hughes Smith. Trouble is feared throughout the islands and the Imperial Government has been asked to send war ships here.

INDIGNANT CZECHS. PRAGUE, June 2.—The young Czechs are deeply agitated over the decision of the Austrian Emperor to close the assembly at Prague in consequence of the recent outrageous disorders on the part of the young Czech members of that body, which compelled Prince Leokadia, President of the diet, to bring the session to an end. One thousand young Czechs have met at Podhrad, in Bohemia, and resolved to send a large deputation to the Emperor to beg him to continue the session of the assembly at Prague.

THE PANAMA CANAL. PANAMA, June 2.—M. Mauge, representative of the liquidator of the Panama Canal Co., says that work on the canal will be renewed at the end of the year. There has already, he says, been raised \$5,000,000 francs to continue operations. The Government of Colombia will appropriate \$5,000,000 francs monthly to the canal company. The Panama Canal Co. will be continued until the canal is completed.

NEGOTIATING FOR A LOAN. LONDON, June 2.—The Greek Government is negotiating through the house of the Hambros for a loan of £4,000,000 with which to pay the July coupons and other current obligations. The negotiations had fair to be successful.

STUDENTS ARRESTED. ROME, June 2.—Eleven Italian students have been arrested in Trieste, Austria, for having made a demonstration in favor of reuniting the province with Italy.

ELECTORAL BILL PASSED. PARIS, June 2.—The Deputies have passed the electoral bill amended so as to include from the Chamber all salaried public officials and all clergymen.

MUST APPEAR MONDAY. Judge Dillon's Order in Martin's Injunction Suit. The Macklin-Kelly Row.

In Court-room No. 4 to-day Judge Dillon made an order citing James H. Cronin and others constituting the House of Delegates to appear in court on Monday so show cause why they should not be permanently restrained from interfering with Mr. Wm. C. Kelly in the discharge of his duties as a member of the House. Merrifield W. Huff appeared for Mr. Martin and stated that as the House was to meet to-night he would like to have the injunction issue to-day.

The trick did not work, however, as Judge Klein sat down on the over-anxious attorney and refused to hear the matter stating that he did not think it right to allow litigants to pick the judges to try their cases. Mr. Huff then wanted to go back to Judge Valliant, but that gentleman told him he must have his petition go through the regular process. When clerk Jeffrey turned the wheel the case went to Judge Dillon's court.

Macklin and Kelly Have Words. Assistant City Counselor William F. Macklin talked freely this morning about his row yesterday afternoon at the Court-House with Delegate William C. Kelly of the Twenty-sixth Ward. It is alleged that as Mr. Kelly was leaving the court-room Mr. Macklin, with Delegates Townsend and Haggerty at his back, approached him and shaking his fist under the delegate's nose, remarked with an oath: "You can talk about it in public, but I want to tell you that you're lying." "I don't let any man call me that," Kelly is alleged to have cried, waving both hands in the air. "Come outside and let me wipe up the ground with your come-out, I tell you come out anywhere you please and I'll give you the worst pounding you ever got in your life." When friends interposed and no blood was spilled. Mr. Kelly when seen at his house later was very angry, and remarked: "Billy Macklin has got to apologize for what he said to me, or I'll do it for him. I shall make it awfully confounded hot for him. I've got charges all written up in my pocket, and they'll go to the Mayor to-morrow if he doesn't ask my pardon. He's got to make his apology in writing, too. If it had been in the court-house corridor I'd have taken him up and given him the best whipping he ever got in his life. He's got to be in a speech remarked: "I know the

big was up when I saw Ed Butler with his kids. Billy Macklin had been ready to meet Mr. Macklin at any time in a public encounter and that the Assistant City Counselor would be sorry for his remarks before he was many hours older. Mr. Macklin this morning was very much agitated and is of little importance. Night before last, at 10 o'clock, Mr. Kelly made some remark about me in public which was far from being complimentary. Yesterday at the court-house I told Mr. Kelly what I thought of him in a very few words, which I think he understood perfectly. He made some bluster, I am told, about 15 minutes after he had left, but of course I would not make an affair last night, but in fact the affair is hardly worth talking about."

**NEW YORK PATRONAGE.**

Cleveland Says the State's Senators Must Be Consulted About Appointments. ALBANY, N. Y., June 2.—A surprising political story was told in this city to-day. It is to the effect that President Cleveland has said that the Senators from New York State must be consulted in matters of Federal appointments in their respective localities. Rumor has it that a certain Trojan snapper came to Albany and asked Judge Herrick to help him capture the Troy post-office. He was told that the President had decided to recognize the right of a United States Senator to consider when appointments were to be made in his home city. None of the principals in the matter will talk, and this is held by the machine men to be significant as an admission of the truth of the rumor. If the rumor is true, it will account for the unusual quiet which pervades the machine camp in this vicinity, but to give Senator Hill control of Federal appointments in Albany would be a concession little less than miraculous. Senator Murphy might be favored in Troy, but Senator Hill, although the principle would be the same, could hardly expect the same consideration here. It must be said, however, that many politicians affect to believe there is something in this rumor.

**THE PLANKINTON BANK.**

Assignee Wm. Plankinton Assumed Official Charge This Morning.

MILWAUKEE, June 2.—Assignee William Plankinton of the Plankinton Bank assumed official charge of that institution this morning. A feeling of security to all depositors pervades the atmosphere to-day as the appointment of Mr. Plankinton gives assurance that every dollar due depositors will be paid as rapidly as it can be legally collected. The failure of the bank has caused a nervous feeling among small depositors in other banks, and many are withdrawing their money. A small run occurred upon the Commercial Bank this morning, but the institution is on a sound basis and can withstand all demands. Depositors in the savings department will be held closely to the thirty-day notice clause, however.

**WORLD'S FAIR TICKETS.**

Eastern Passenger Agents Greatly Disturbed by Manipulation. NEW YORK, June 2.—The Executive Committee of the Trunk Line Association met yesterday to consider a matter that has disturbed the quantity of the general passenger agents last week and which the latter were unable to cope with. Since excursion tickets to the World's Fair have been on sale, about May 7, two of the trunk line railroads have been carrying nearly all of this class of business. The Ontario and Lackawanna companies were charged with stocking the ticket brokers' offices in Western cities with return portions of excursion tickets, the "going" portion of which had never been used for travel. The theory was that tickets had been sold to the brokers by the block, with the first half chopped off. The excursion rate is 82c, and if the return portions were sold at one-half that, or 41c, the brokers would have a very good margin to work on. In this manner east-bound rates for single tickets have been greatly disturbed. Commissioner F. C. Donald of the Central Traffic Association, reported to the Eastern lines that the only disturbing element in the manipulation of tickets and rates by the two accused railroads. But if the evil exists great pains are taken to cover it up, and the representatives of these companies at its meeting resolutely denied that anything irregular had been done. Nevertheless, Commissioner Goddard was appointed to investigate things and he was authorized to summon witnesses from the interested roads. It is understood that arrangements have been made to exercise greater vigilance both in New York and Chicago in order to see the manipulation of rates and tickets kept at a minimum.

The freight departments were also represented at yesterday's meeting, but most of the time was taken up with passenger matters. There will be another session to-day when freight matters will be discussed.

Officials of the latter also deny the reported purchase. They say that their company has no intention of buying the Newport News or any other road. An issue of new securities is not contemplated.

Brewery Erupted. NEW ORLEANS, La., June 2.—The Home Brewery on Jena street, in the lower part of the city, which was recently built, was burned to the ground last night, together with Louis Fitz Kop's distillery factory and half a dozen residences. The loss is about \$100,000. Thirty horses were also burned to death. The insurance is small.

While the fire was in progress the Hope Rice Mill on Girod and Commerce streets, in the center of the city, caught fire and was also destroyed. Loss \$100,000, partially covered by insurance.
